As Masons and friends of education, we must be active, energetic and progressive to keep ours ahead and above other in-

ergetic and progressive to keep ours shead and above other institutions of our section.

January 1st, 1866, the Masons made an appropriation for charitable purposes. Five daughters of Master Masons, deceased, are provided for, and it is the intention of the Lodge to make provisions for as many more as soon as the finances of the Fraternity will justify them in so doing.

An excellent boarding house is established near the Institute, for the accommodation of all those coming from abroad. The terms are so reasonable that the complaint of high board cannot be longer an obstacle to sending to our school.

We have in the Musical Department Prof. Joseph Wassamer, who is too well known to deed commendation. He is a most thorough and efficient teacher, and his scholars show the true ergetic and progressive to keep ours shead and above other in-

horough and efficient teacher, and his scholars show the true Tuition in the Literary Department ranges from \$22 to \$50 a year, without any extra charge. Music, French and Draw-Again, Brothers, we call upon you to come up and aid us in our noble undertaking.

CTOLEN.—ON THE NIGHT OF THE STOLEN.—ON THE NIGHT OF THE

29th of last month, (January) from the subscriber, living
two miles from Athens, Tenn., on the main road leading to
Charleston, Tenn., a dark bay horse, four years old, about 15
hands high, no white hairs on said horse, except a little in the
mane, caused by the collar—hair off the under side of the jaw,
caused by Distemper. I have good reason to believe that said
horse was stolen by a man by the name of John Patterson,
who formerly lived near Dandridge, Tenn., and who, I think,
is now about that place, as his family were living there some
two months since. Said Patterson is about 24 years old,
about 5 feet 8 inches high, and dark hair. Wore, when he left
here, a suit of blue mixed jeans. I think it problible he may
sell said horse before reaching Dandridge, so as to be able to sell said horse before reaching Dandridge, so as to be able to remove his family to Middle Tennessee, which I understand was his intention.

I will pay \$25 to any person who will give information so that I may get said herse, and \$25 for the apprehension of the thief. febl4-4to.
